

Essential Tips to Support Student Reading

Preparing students for their literacy journey is fundamental to helping them succeed. Many free and low-cost tools can support your literacy programs:

1 Provide a variety of books for all students.

- Consider creating theme boxes that families can check out.
- Host a book exchange where families can trade books.
- Provide extended hours to your school library so parents and students can check out books. Partner with a local library to help support your existing programs and create new reading goals.

2 Create a daily reading program that supports and reinforces student reading.

- Consider having students practice during school hours.
- Work with after-school programs and caregivers on strategies for reading practice.
- Create fun school-wide games and activities for students to engage in reading.

3 Help students find age-appropriate reading materials.

- Comic books
- Greeting cards & Thank You Notes
- Magazines
- Newspapers

4 Host Storytime.

- Invite guest readers to read.
- Provide before, during, and after-school options.

5 Help parents support their children with simple reading activities and information sessions.

- Activating background knowledge
- Questioning
- Analyzing the text
- Visualizing
- Summarizing

For Schools
and Districts

Reading can come quickly to some students but can be challenging for others. Supporting families and students on the reading journey is essential. At Readability, we provide low-cost personalized reading support that includes:
